A faulty machine must be referred to the manufacturers approved service dealer or warranty service system to enable the fault to be diagnosed. Please detail any faults so that the manufacturer can be made aware of any problems, particularly if there is any question of safety. These requirements also apply if you use your own format of credit request or debit note.

Returned goods will only be accepted for credit if they are genuinely faulty or not fit for the purpose for which they were intended. Claims for machines that are not faulty and are returned to us for no valid reason may be rejected and returned at your cost.
