A Jakins and Sons is a family run business that supplies nationwide in excess of 200,000 real Christmas Trees, primarily to garden centres, wholesale markets and farm shops.

We harvest Christmas trees from many plantations throughout Scotland, Denmark, Germany and Belgium. Whether premium grade, standard grade or second grade, we pride ourselves on our quality at a very competitive price.

We supply most varieties of Christmas Trees from 60cm – 10 metres, as well as pot grown trees and also of course, netting machines, netting, boughs and other Christmas tree related products.

Our quality and service ensure our regular customers continue to return year after year and we continue to expand each year through new customers.
